The next two pages are intended to provide you with detailed information about our policies, programs, agreements and consents. Please read each section thoroughly, make sure any concerns are addressed and that any questions you have are answered before making your final decision to move forward with the treatment process.

**-----HIPAA PATIENT CONSENT-----**

- Our office is committed to protecting the privacy of your medical information. The Health Insurance Portability and Accountability Act (HIPAA) of 1996 (and updated in 2013) is a federal law that governs the use and disclosure of a person’s health information. Our “Notice of Privacy Practices” provides information about how we may use and disclose protected health information about you. The Notice contains a “Patient Rights” section describing your rights under the law. The following statements cover the basics of your rights as a patient under HIPAA:

- Our office has a “Notice of Privacy Practices” and you have the right to review a detailed copy of our Notice before signing this HIPAA Patient Consent.
- This “Notice of Privacy Practices” is available in our offices.
- Protected health information may be disclosed for treatment, payment, or health care operations.
- We reserve the right to change the terms of our “Notice of Privacy Practices” at any time.
- If we change our Notice, you may obtain a revised copy by contacting our office.
- You have the right to restrict the uses of your protected health information.
- You may revoke this HIPAA Consent in writing at any time. However, such a revocation shall not affect any disclosures we have already made in reliance on your prior Consent.

Additionally, it is the policy of this office to remind patients of their appointments. We may do this via live telephone calls, automated (TeleVox) appointment reminder calls, text messages, e-mails, U.S mail, social media or by any means convenient to the practice. We may also send you other communications informing you of changes to office policy, new technology and specials that you might find valuable or informative. That said, contact will only come directly from us; we will never sell or trade your private information including phone numbers, e-mail address or mailing addresses. You may opt out of any or all communication measures any time by contacting us in writing.

By signing the next page of this document, you certify that you have read our HIPAA Patient Consent and have had the opportunity to review a more detailed version if so desired. Your signature also signifies that you agree with the above statements and this policy. **----- APPOINTMENT POLICY -----**

GLOW MEDSPA strives to treat all clients at their scheduled times. Keeping your appointments allows for better results because you are able to stay on your hair growth schedule. Additionally, no-shows block out otherwise available slots for other clients to get in to stay on their treatment schedules. Clients must provide 24 hours notice if they need to reschedule or are unable to make their appointment.

- Clients must pay a \$25.00 “no show” / “late cancellation” fee if they miss an appointment or do not give 24 hours notice of a cancellation or re-schedule.
- If the provided credit card declines, Glow Medspa will penalize by applying the treatment areas scheduled on the day of the no-show as used.

**\*As a courtesy to our clients we try to send out email and text reminders. However, not receiving those reminders will not excuse a missed appointment.**

Please choose Option 1 or Option 2

**Option 1:** Your credit card information can be encrypted and stored with our credit card processor in a very secure manner. Even Glow Medspa won't have access to the card's information.
